Issued under P.A. 2 of 1968, as amended and P.A. 71 of 1919, as amended.

Local Unit of Government Type <input type="checkbox"/> County <input type="checkbox"/> City <input checked="" type="checkbox"/> Twp <input type="checkbox"/> Village <input type="checkbox"/> Other		Local Unit Name Metamora Township	County Lapeer County
Fiscal Year End March 31, 2008	Opinion Date May 21, 2008	Date Audit Report Submitted to State May 22, 2008	

We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES  
NO

**Check each applicable box below.** (See instructions for further detail.)

1. ☒ ☐ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☒ ☐ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☒ ☐ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

Members of the Township Board  
**Metamora Township**  
Lapeer County, Michigan

**Independent Auditor's Report**

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Metamora, Michigan as of and for the year ended March 31, 2008, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Metamora, Michigan's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Metamora, Michigan as of March 31, 2008 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, and the budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplemental information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplemental information. However, I did not audit the information and express no opinion on it.

The Audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Metamora, Michigan's basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 1, the Township has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and related statements, as of April 1, 2004.

### **MANAGEMENT'S DISCUSSION AND ANALYSIS LETTER**

Our discussion and analysis of the Township of Metamora's financial performance provides an overview of the Township's financial activities for the fiscal year ended March 31, 2008. Please read it in conjunction with the Township's financial statements.

#### **Financial Highlights**

The Township is in a good financial position. As seen below, the General, Police, and Fire are all carrying a healthy fund balance.

However, care must be taken in future budgets because of potential cutbacks in State Shared Revenue and the escalating cost for providing local government services.

#### **Using this Report**

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No.34. GASB Statement 34 implements a new model of financial reporting for state and local governments designed to enhance the usefulness of the Township's annual report.

#### **The Township as a Whole**

The Township of Metamora's fund balances are as follows:

	<b>March 31, 2008</b>	<b>March 31, 2007</b>
General Operating	\$ 765,438	\$ 784,405
Police Protection	944,236	836,208
Fire Protection	327,240	360,462
Building Fund	28,611	32,422
Total for Township	<u>\$ 2,065,525</u>	<u>\$ 2,013,497</u>

## **Notes to the Financial Statements For The Year Ended March 31, 2008**

The accounting methods and procedures adopted by the Township of Metamora, Lapeer County, Michigan, conform to generally accepted accounting principles as applied to governmental entities. The following notes to the financial statements are an integral part of the Township's Comprehensive Annual Financial Report.

### **1. Summary of Significant Accounting Policies**

#### **Financial Reporting Entity**

The Township of Metamora was incorporated under the laws of the State of Michigan and operates as a General Law Township, with a Township Board form of government. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Township of Metamora (the primary government) and its component units. The component units discussed below are included in the Township reporting entity because of the significance of their operational or financial relationships with the Township.

#### **Government-wide and Fund Statements Fund**

The Government-wide Financial Statements (i.e., the Statement of Net Assets (Deficit) and the Statement of Activities) report information on all the nonfiduciary activities of the Township (the primary government). The effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function (governmental activities) or identifiable activity (business-type activities) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Taxes and other revenue items properly excluded from program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the Government-wide Financial Statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Township reports the following major governmental funds:

**General Fund** - The General Fund is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Building Inspection Fund** – The fund is setup for the monitoring of Township construction. It is primarily funded through the collection of permits for the various types of construction.

Additionally, the Township reports the following fund types:

**Trust & Agency Fund** - The Trust & Agency Fund accounts for assets held by the Township in a trustee capacity or as an agent for individuals, organizations, or other governments.

**Township of Metamora**  
Notes to the Financial Statements  
For The Year Ended March 31, 2008

**Measurement Focus and Basis of Accounting**

The Government-wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period, generally collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, intergovernmental revenues, special assessments, licenses, charges for services, and interest. All other revenue items are considered to be available only when cash is received by the Township. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, and claims and judgments are recorded only when payment is due.

**Cash** - The Township does not pool cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the Township's investments.

**Investments** - Debt securities are valued at cost since it is generally the policy of the Township to hold such investments until they mature.

**Due to and Due From Other Funds** - Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

**Property Tax Revenues** - Property taxes are levied on December 1 based on the assessed value of property as listed on the previous December 31. Assessed values are an approximation of market value. A revaluation of all real property must be made every year.

**Vacation, Sick Leave, & Other Compensated Absences** - Vacation days are earned by police department employees at a rate from zero to twenty days per year based on length of service with unused days after a two-year period being forfeited. Sick days are earned by police department employees at a rate of thirteen days per year after the first year of service. The sick days have unlimited accumulation over the term of employment, however, when the employee leaves the department, for any reason, the days are forfeited. The estimated maximum contingent liability for these benefits (calculated at current pay rates) as of March 31, 2008 is \$96,163.

**Capital Assets** - Capital assets, which include buildings and equipment, are reported in the applicable governmental column in the Government-wide Financial Statements. Capital assets are defined by the Township as assets with an initial individual cost of more than \$2,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following useful lives:

Infrastructure	40 years
Buildings & Building Improvements	20 to 40 years
Machinery & Equipment	3 to 10 years

# **Township of Metamora**

Notes to the Financial Statements  
For The Year Ended March 31, 2008

**Long-Term Obligations** - In the Government-wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, issuance costs, and the deferred amount on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and deferred amount on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

**Fund Equity** - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## **Accounting Changes**

**GASB Statement No. 34** – Effective April 1, 2004, the Township implemented the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB No. 34). Changes to the Township's financial statements as a result of GASB No. 34 are as follows:

- A management's discussion and analysis (MD&A) section providing analysis of the Township's overall financial position and results of operations has been included.
- Government-wide Financial Statements (statement of net assets (deficit) and statement of activities) prepared using full accrual accounting for all of the Township's activities have been provided.
- Capital assets in the governmental activities column of the statement of net assets (deficit) includes assets not previously accounted for by the Township as well as assets previously reported in the General Fixed Assets Account Group. In addition, the governmental activities column includes bonds and other long-term obligations previously reported in the General Long-term Debt Account Group.
- The fund financial statements focus on major funds rather than fund types.

## **2. Stewardship, Compliance, and Accountability**

### **Budgetary Information**

The Township is legally subject to the budgetary control requirements of State of Michigan P.A. 621 of 1978 (the Uniform Budgeting Act). The following statements represent a brief synopsis of the major provisions of this Act:

1. Budgets must be adopted for the General Fund and Special Revenue Funds.
2. The budgets must be balanced. The balanced budget may include a contribution to or appropriation from fund balance.
3. The budgets must be amended when necessary.
4. Debt cannot be entered into unless permitted by law.
5. Expenditures cannot exceed budget appropriations.
6. Expenditures cannot be made unless authorized in the budget.
7. Public hearings must be held before budget adoptions.

In the body of the financial statements, the Township actual expenditures and budgeted expenditures for the budgetary funds have been shown on a functional basis. The budget is used by the Township Board as a management tool during the year for all budgetary funds. The budgets are adopted on a cash basis, which is not consistent with generally accepted accounting principles. Budgetary control is exercised at the departmental level. Budgets for the General Fund and the Special Revenue Funds are presented in the required supplemental information.

During the year ended March 31, 2008, the Township incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

	<b><u>Total</u></b> <b><u>Appropriations</u></b>	<b><u>Amount of</u></b> <b><u>Expenditures</u></b>	<b><u>Budget</u></b> <b><u>Variance</u></b>
<b>General Fund</b>			
Capital Outlay	\$ 185,812	\$ 467,160	\$ 281,348

Notes to the Financial Statements  
For The Year Ended March 31, 2008

### 3. Cash and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Local Unit to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The local unit is allowed to invest in bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

The Township Board has designated five banks for the deposit of Township funds. There was an investment policy adopted by the Board in accordance with Public Act 196 of 1997. The Board has authorized investment in bank accounts and CDs, but not the remainder of State statutory authority as listed above. The Township's deposits are in accordance with statutory authority and the Township does not have an investment policy. All cash deposits and investments of the Township are held by the Township in the Township's name.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

	<b>Governmental Activities</b>	<b>Fiduciary - Trust &amp; Agency Funds</b>	<b>Total Primary Government</b>
Cash & Cash Equivalents	\$ 891,566	\$ 1,108,516	\$ 2,000,082

The breakdown between deposits and investments is as follows:

	<b>Primary Government</b>
Bank Deposits (Checking & Savings Accounts, CDs)	\$ 2,000,082

The bank balance of the primary government's deposits is \$2,000,082, of which \$201,901 is covered by federal depository insurance and \$-0- is collateralized with U.S. Treasury securities held by the pledging financial institution's trust department in the Township's name.

### Custodial Credit Risk of Bank Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a deposit policy for custodial credit risk. At year end, the Township had approximately \$1,798,181 of bank deposits (certificates of deposit, checking, and savings accounts) that were uninsured and uncollateralized. The Township believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits. As a result, the Township evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

### Credit Risk

State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations. The Township's investment policy does not further limit its investment choices.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

<b>Investment</b>	<b>Fair Value</b>	<b>Rating</b>	<b>Rating Organization</b>
Bank Investment Pools (MBIA)	\$ 43,253	AAA-V1	Fitch

# Township of Metamora

Notes to the Financial Statements  
For The Year Ended March 31, 2008

## 4. Property Taxes

The Township is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state legislation. Property taxes become a lien on the first day of December of the levy year and may be paid by the following February 14.

The Township levied the following taxes:

Township Operating	1.3732	mills
Police Protection	2.1831	mills
Fire Protection	.9392	mills

## 5. Capital Assets

Capital assets activity of the Township's governmental activities was as follows:

	<u>Balance</u> <u>April 1, 2007</u>	<u>Additions</u>	<u>Disposals &amp;</u> <u>Adjustments</u>	<u>Balance</u> <u>March 31, 2008</u>
Governmental Activities:				
Capital Assets Not Being Depreciated

Amount of Issue - \$300,000		\$25,647 -				
Maturing through August 15, 2008	3.80%	\$34,703	\$ 0	\$ 300,000	\$ 300,000	\$ 30,245
<b>Total Governmental Activities</b>			<u>\$ 468,802</u>	<u>\$ 185,934</u>	<u>\$ 654,736</u>	<u>\$ 146,915</u>

Annual debt service requirements to maturity for the above governmental bond and contract obligations are as follows:

Years Ending March 31,	Governmental Activities		
	Principal	Interest	Total
2009	\$ 146,915	\$ 19,619	\$ 166,534
2010	144,950	19,470	164,420
2011	95,398	13,557	108,955
2012	77,661	9,529	87,190
2013	28,707	7,333	36,040
2014 - 2018	161,105	19,097	180,202
<b>Total</b>	<u>\$ 654,736</u>	<u>\$ 88,605</u>	<u>\$ 743,341</u>

**7. Interfund Receivables, Payables, & Transfers**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "Due from other funds" or "Due to other funds" on the balance sheet. The amounts of interfund receivables and payables are as follows:

	<u>Due From Other Funds</u>		<u>Due To Other Funds</u>
General Fund	<u>\$ 1,099,619</u>	Trust & Agency Fund	<u>\$ 1,099,619</u>
Total	<u>\$ 1,099,619</u>		<u>\$ 1,099,619</u>

There were no Interfund Transfers reported in the Fund Statements.

## **Township of Metamora**

Notes to the Financial Statements  
For The Year Ended March 31, 2008

### **8. Deferred Compensation Plan**

The Township offers its employees a deferred compensation plan created in accordance with IRC Section 457. The assets of the plan were held in trust, as described in IRC Section 457(g) for the exclusive benefit of the participants and their beneficiaries. The custodian thereof of the exclusive benefit of the participants holds the custodial account for the beneficiaries of this Section 457 plan, and the assets may not be diverted to any other use. The Administrators are agents of the employer for purposes of providing direction to the custodian of the custodial account from time to time for the investment of the funds held in the account, transfer of assets to or from the account and all other matters. In accordance with the provisions of GASB Statement 32, plan balances and activities are not reflected in the Township's financial statements.

### **9. Rentals Under Operating Lease**

The Township is a lessor of a parcel of land on which cellular telephone radio communications system was constructed, under a non-cancelable operating lease, which expires in 2009. The lease provides for annual rent in the amount of \$14,400. The lease has five renewal options, of which each cover a five-year period with escalating rentals.

The Township entered into separate non-cancelable operating leases with second, third, and fourth parties on the same parcel of land described above. The leases provide for an annual rent as stated below. The lease agreements have five renewal options, of which each covers a five-year period with escalating rentals.

The expiration dates and annual rent are as follows:

Second Lease -	February 2010	\$11,040
Third Lease -	March 2010	\$14,400
Fourth Lease -	April 2011	\$11,040

Future minimum rents receivable under these non-cancelable leases are as follows:

Fiscal Year Ending March 31,

2008	\$50,880
2009	50,880
2010	53,760
2011	58,296

### **10. Deficit Fund Balance or Retained Earnings Balances of Individual Funds**

None

### **11. Risk Management**

The Township is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical and workman's compensation benefits provided to employees. The Township has purchased commercial insurance for the various risks of loss stated above.

Settled claims for the commercial insurance have not exceeded the amount of coverage in any of the past three years. There was no reduction in coverage's obtained through commercial insurance during the past year.

### **12. Contingent Liability**

The Township is involved in various legal actions arising in the normal course of business. In the opinion of the Township Board, such matters will not have a material effect upon the financial position of the Township.

# Township of Metamora

Notes to the Financial Statements  
For The Year Ended March 31, 2008

## 13. Other Post-Employment Benefits

The Township has elected to provide post-employment health benefits to certain retirees. The Township pays the full cost of coverage for these benefits. For the fiscal year ended March 31, 2008, the Township did not make any payments for post-employment health benefit premiums. The Township obtains health care coverage through private insurers. The Township had an actuarial valuation report completed for the funding purposes of future health care coverage. The actuarial report was prepared under the assumption of having seven employees eligible for post-retirement healthcare benefits. The Township currently has contracted to cover four employees that were hired prior to 1997, but does not anticipate offering post-retirement healthcare to any new employees.

There were no expenditures for postemployment healthcare benefits paid for the year ended March 31, 2008. The Township paid \$159,653 April 7, 2008, to begin the funding process. At December 31, 2006, the date of the most recent actuarial report, assets available for postemployment benefits totaled \$126,244 (included in the \$159,653 reported above). The actuarial accrued liability, determined using the individual entry age actuarial cost method, totaled \$545,520 and the unfunded actuarial accrued liability totaled \$545,520.

*Upcoming Reporting Change* – The Governmental Accounting Standards Board has recently released Statement Number 45, *Accounting and Reporting by Employers for Postemployment Benefits Other than Pensions*. The new pronouncement provides guidance to local units of government in recognizing the cost of retiree health care, as well as any other postemployment benefits (other than pensions). The new rules will cause the government-wide financial statements to recognize the cost of providing retiree healthcare coverage over the working life of the employee, rather than at the time the healthcare premiums are paid. The new pronouncement is effective for the year ending March 31, 2009.

## 14. Employee Retirement And Benefit Systems

**Plan Description** – The Township participates in the Michigan Municipal Employees' Retirement System (MERS), an agent multiple-employer defined benefit pension plan that covers eligible employees of the Township. The system provides retirement, disability, and death benefits to plan members and their beneficiaries. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system.

**Funding Policy** – The obligation to contribute to and maintain the system for these employees was established by negotiation with the Township's competitive bargaining units and requires a contribution from the employees of 14.08 percent and 14.08 percent of gross wages for certain Police and Fire employees, respectively.

**Annual Pension Cost** - For the year ended March 31, 2008, the Township's annual pension cost of \$37,924 for the plan was equal to the required and actual contribution. The Township changed from level B-2 to B-3 for the MERS benefits. The annual required contribution was determined as part of an actuarial valuation at December 31, 2005, using the entry age normal cost method. Significant actuarial assumptions used include: (i) an 8 percent investment rate of return; (ii) projected salary increase of 4.5 percent per year; and (iii) 4.5 percent per year cost of living adjustments. Both determined using techniques that smooth the effects of short-term volatility over a four-year period. The unfunded actuarial liability is being amortized as a level of percent of payroll on a closed basis. The remaining amortization period is 30 years.

Three year trend information as of March 31, 2008 (date of actuaries) follows:

	March 31		
	2005	2004	2003
Annual Pension Cost	\$ 41,400	\$ 32,808	\$ 26,438
Percentage of APC Contributed	100.0%	100.0%	100.0%
Net Pension Obligation	-	-	-
Actuarial Value of Assets	255,076	205,087	159,373
Actuarial Accrued Liability	365,825	264,446	210,976
Unfunded Actuarial Accrued Liability	110,749	59,359	51,603
Funded Ratio	69.7%	77.6%	75.5%
Covered Payroll	294,028	274,742	268,679
UAAL as a Percentage of Covered Payroll	37.7%	21.6%	19.2%

**Metamora Township**  
4575 Pine Street, P.O. Box 457  
Columbiaville, Michigan 48421

To Members of the Board:

I have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Township of Metamora for the year ended March 31, 2008, and have issued my report thereon dated May 13, 2008. Professional standards require that I provide you with the following information related to my audit.

**My Responsibility under U.S. Generally Accepted Auditing Standards**

As stated in my engagement letter dated September 25, 2007, my responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. My audit of the financial statements does not relieve you or management of your responsibilities.

**Planned Scope and Timing of the Audit**

I performed the audit according to the planned scope and timing previously communicated to you.

**Significant Audit Findings**

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of my engagement letter, I will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Township of Metamora are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ending March 31, 2008. I noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

#### *Difficulties Encountered in Performing the Audit*

I encountered no significant difficulties in dealing with management in performing and completing my audit.

#### **Audit Adjustments (Corrected and Uncorrected Misstatements)**

Professional standards require me to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

#### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

#### *Management Representations*

I have requested certain representations from management that are included in the management representation letter dated May 21, 2008.

#### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, professional standards require the consulting accountant to check with me to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

#### *Other Audit Findings or Issues*

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.

### ***Communication of Significant Deficiencies and Material Weaknesses***

In planning and performing my audit of the financial statements, as of and for the year ended March 31, 2008, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, I considered the Township of Metamora's internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the governmental unit's internal control. Accordingly, I do not express an opinion on the effectiveness of the governmental unit's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, I identified certain deficiencies in internal control that I consider to be significant deficiencies and other deficiencies that I consider to be material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. I considered the following deficiencies to be significant deficiencies in internal control:

**Preparation of Financial Statements** - Management prepares internal financial information to assess operations and the financial position of the Township of Metamora on an ongoing basis. Although the internal financial information is sufficient to operate the Township, it is not presented in accordance with generally accepted accounting principles. The Township contracts with me, the auditor, to draft the financial statements, including all necessary notes, in accordance with generally accepted accounting principles, since it does not retain staffing that currently have the expertise. I believe this meets the definition of a material weakness under *Statement on Auditing Standards 112*.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control. The AICPA Auditing Standards Board issued Statements on Audit Standards (SAS) 112 which establishes standards and provides guidance on communicating matters related to an entity's internal control over financial reporting and is effective for periods ending after December 15, 2006. According to SAS 112, it is considered to be a control deficiency if a client I am auditing has ineffective controls over the preparation of their financial statements such that client controls are absent or controls are not effective in preventing or detecting material misstatements in the preparation of the financial statements, including the related footnotes.

**Accrual Adjustments** – During the audit, I generally provide significant assistance in identifying and posting accrual adjustments to the accounting records. Accruals represent any adjustments other than cash that impact the accounting records. I bring this to your attention since it meets the above definition on a matter to be communicated.

**Segregation of Duties** - The relative size of the Township of Metamora limits the extent to which the officials can segregate duties and responsibilities which impairs the basic premise that no one individual should have access to both the physical assets and the related accounting records (or all recording tasks of a transaction from inception to completion).

The Township has implemented mitigating controls to strengthen internal controls and the segregation of duties; however, it must be recognized that the risk of intentional or unintentional errors could be made and not detected in a timely manner.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Metamora Township's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, I believe the significant deficiencies described above to be material weaknesses.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Metamora Township's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of the Township of Metamora, and Federal and State agencies and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

*Lehn King*
